

Installation Steps

NOTE: Actual application may vary slightly from illustrations.

Remove the weatherstrip retainers at the locations indicated to expose holes in hood.

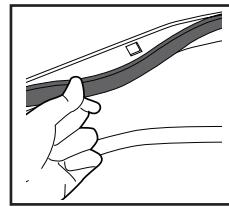

NOTE: Use caution not to damage weatherstrip.

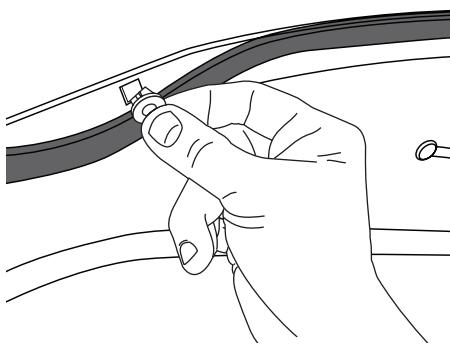

3

Carefully lift the weatherstrip away from the hood surface at the center (4) INBOARD locations indicated to expose square holes in hood.

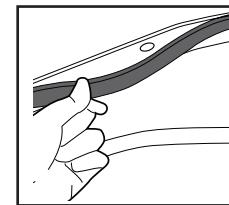

4

Press (4) hood inserts into the (4) exposed square holes. If necessary use tape to hold them firmly in place.

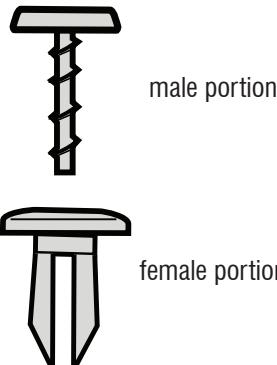

5

Carefully lift the weatherstrip away from the hood surface at the (4) OUTBOARD locations indicated to expose holes in hood.

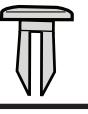

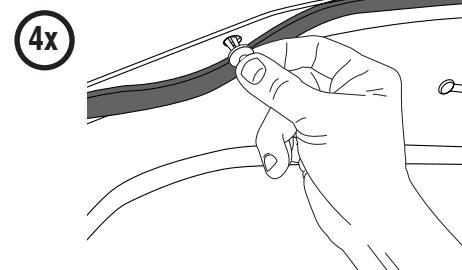

6

Separate Fastener Assembly into two pieces.

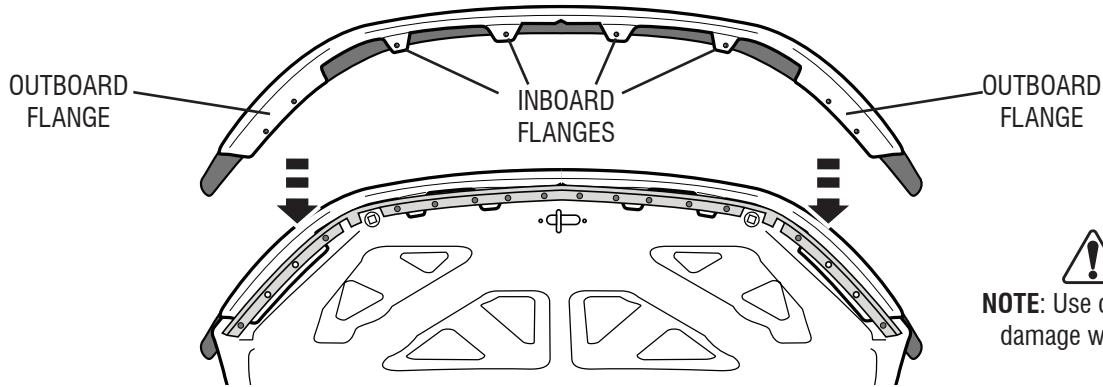

7

Press the female portion of the Fastener Assembly into the (4) exposed holes. If necessary use tape to hold them firmly in place.

8

Reinstall hood shield on hood. Carefully slide all flanges **underneath** weatherstrip.

9

NOTE: Use caution not to damage weatherstrip.

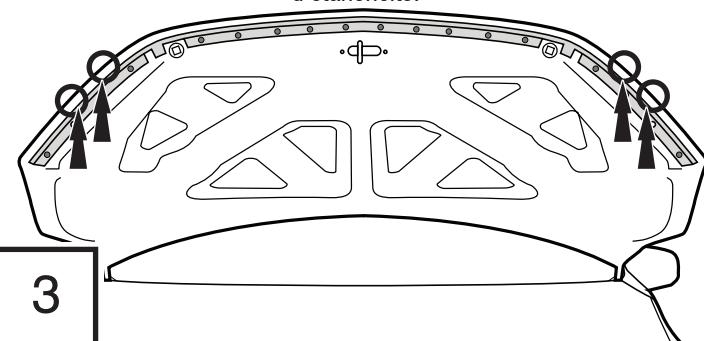

Étapes d'installation

REMARQUE : L'installation peut différer légèrement des illustrations.

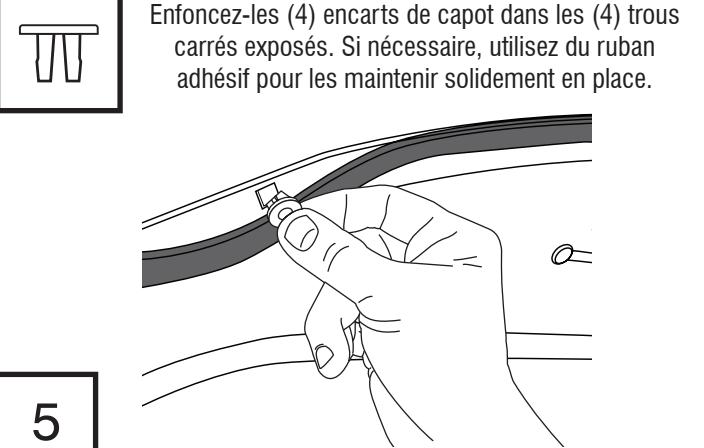

Retirez les dispositifs de retenue des joints d'étanchéité aux endroits indiqués pour exposer les trous dans le capot.

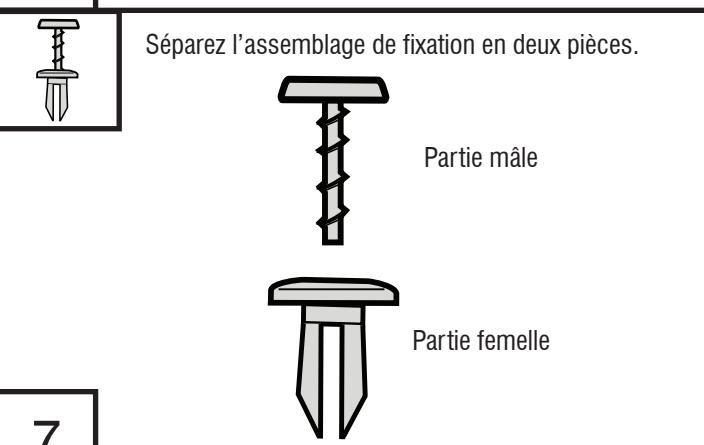

REMARQUE : Faites attention de ne pas abîmer le joint d'étanchéité.

3

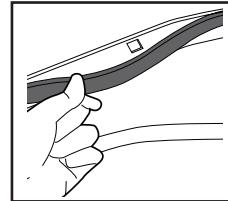

5

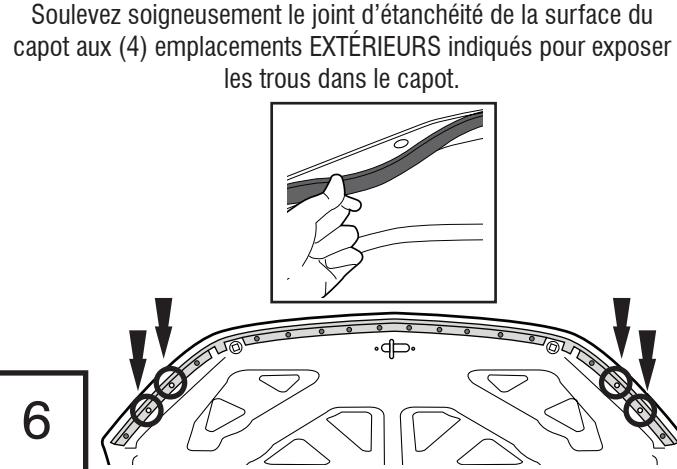

7

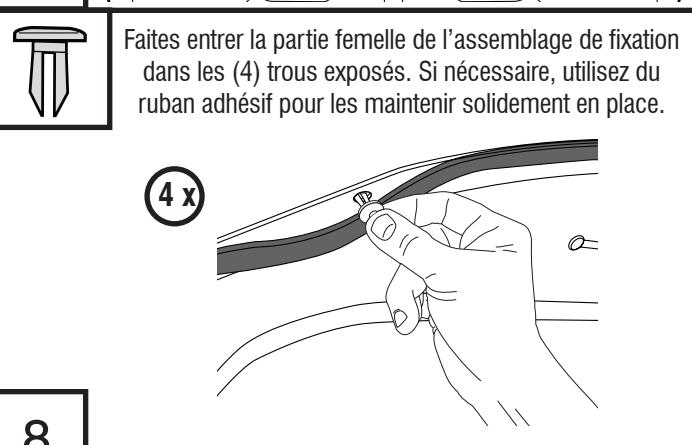

Soulevez soigneusement le joint d'étanchéité de la surface de la hotte aux (4) emplacements INTÉRIEURS au centre indiqués, pour exposer les trous carrés dans le capot.

4

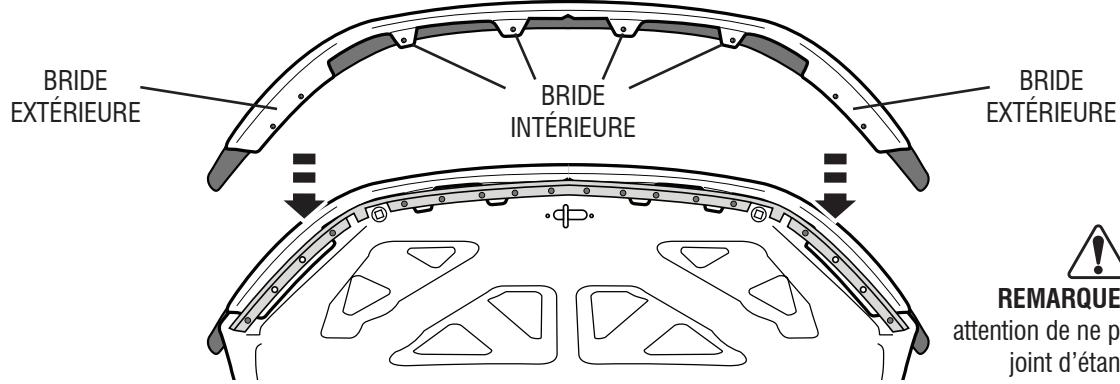

6

8

Réinstallez la protection sur le capot. Faites glisser toutes les brides avec précaution **sous** l'étanchéité.

9

REMARQUE : Faites attention de ne pas abîmer le joint d'étanchéité.

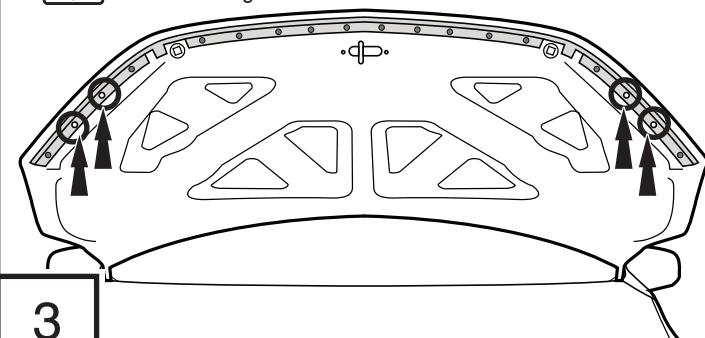

Pasos para la instalación

NOTA: La aplicación real puede ser levemente diferente de las ilustraciones.

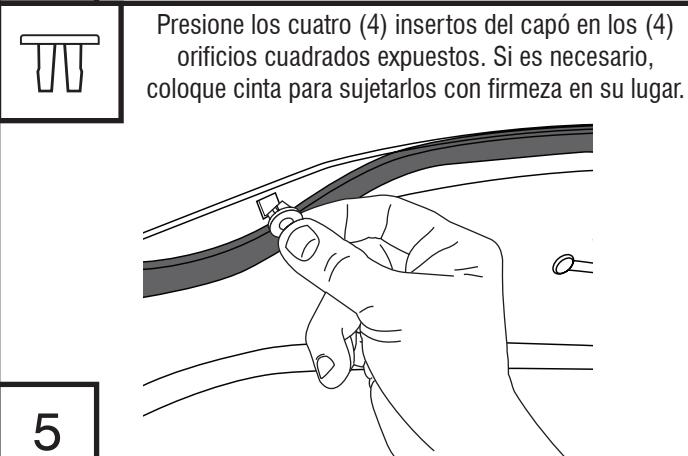

Quite las cubiertas del burlete en los lugares indicados para los orificios expuestos en el capó.

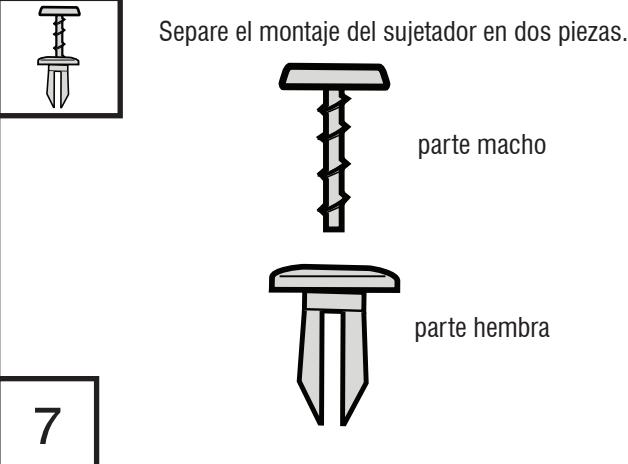

NOTA: Tenga cuidado de no dañar el burlete.

3

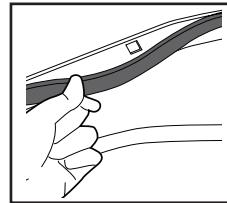

5

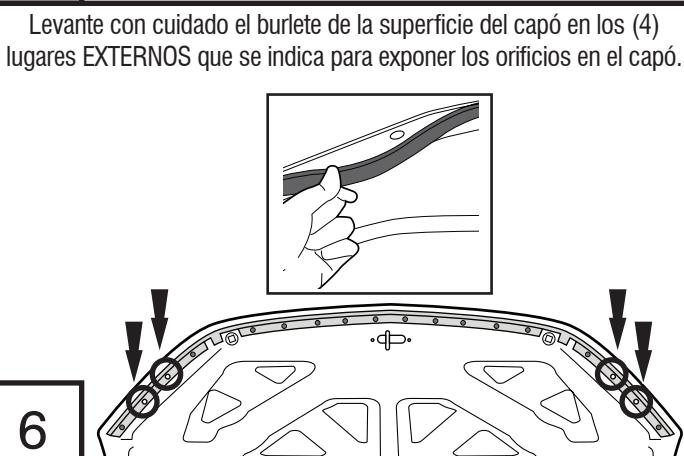

7

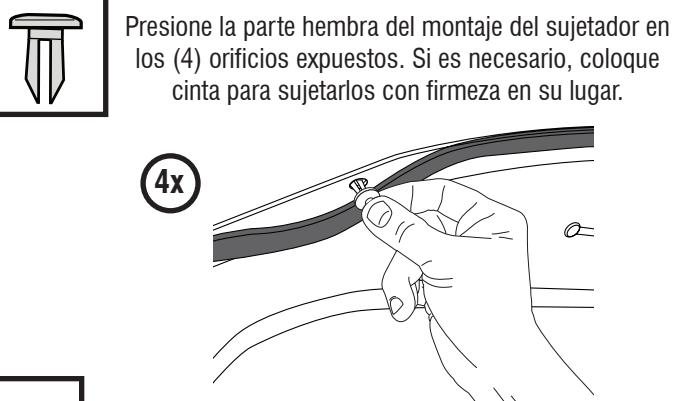

Levante con cuidado el burlete de la superficie del capó en los (4) lugares INTERNOS centrales que se indica para exponer los orificios cuadrados en el capó.

4

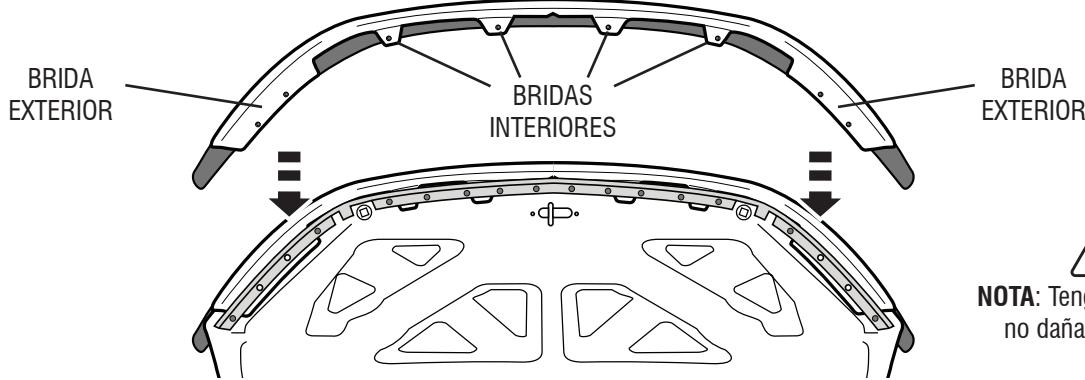

6

8

Reinstale la cubierta del capó sobre el capó. Con cuidado, deslice todas las bridas **por debajo** del burlete.

9

NOTA: Tenga cuidado de no dañar el burlete.
